Do some magic so that this Income Tax vanishes forever.

If I do anything like this, health, roads, education, defence, security and all public welfare projects will get stalled...

I am Tax Pari, I can weave magic,
How much Income Tax you have to pay, I will tell you with logic.
I am always ahead of time when it comes to nation's progress,
"KOSH MULO DAND" mantra is the formula for country's success.

MOTU PATLU & TAX PARI

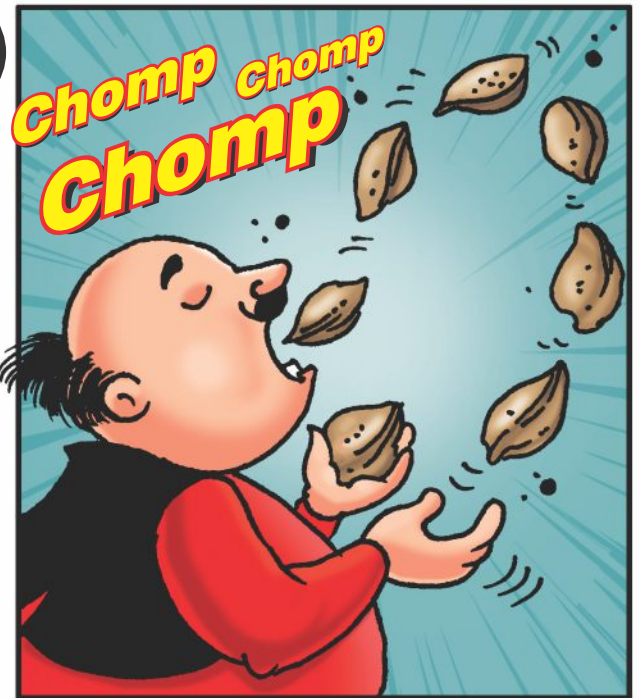

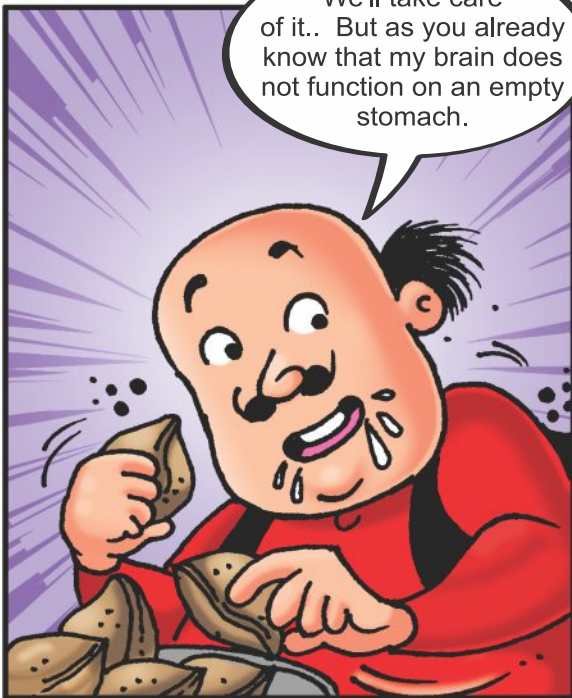

Conceptualized by the Directorate of Income Tax
(PR, P&P), Mayur Bhawan, New Delhi

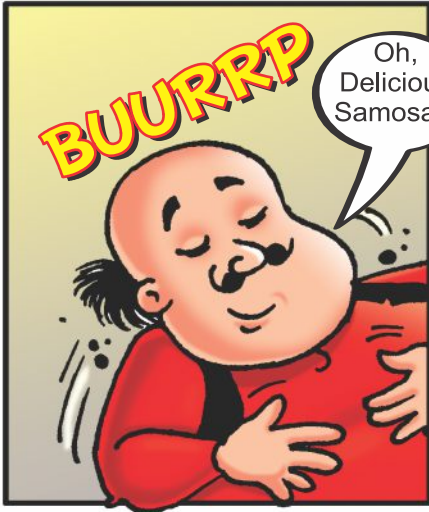

Oh Wow !
Yummy hot
samosas .. Yum
Yum.. What do you
say Patlu?

Great thought,
but I don't have enough
money in my pocket..
and whatever is left,
I've to pay my Income
Tax with that.

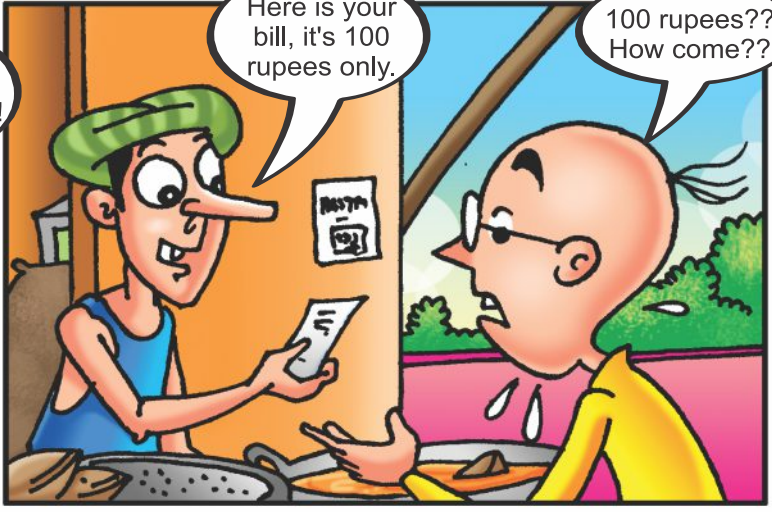

We'll take care
of it.. But as you already
know that my brain does
not function on an empty
stomach.

Oh, Delicious Samosas!

Here is your bill, it's 100 rupees only.

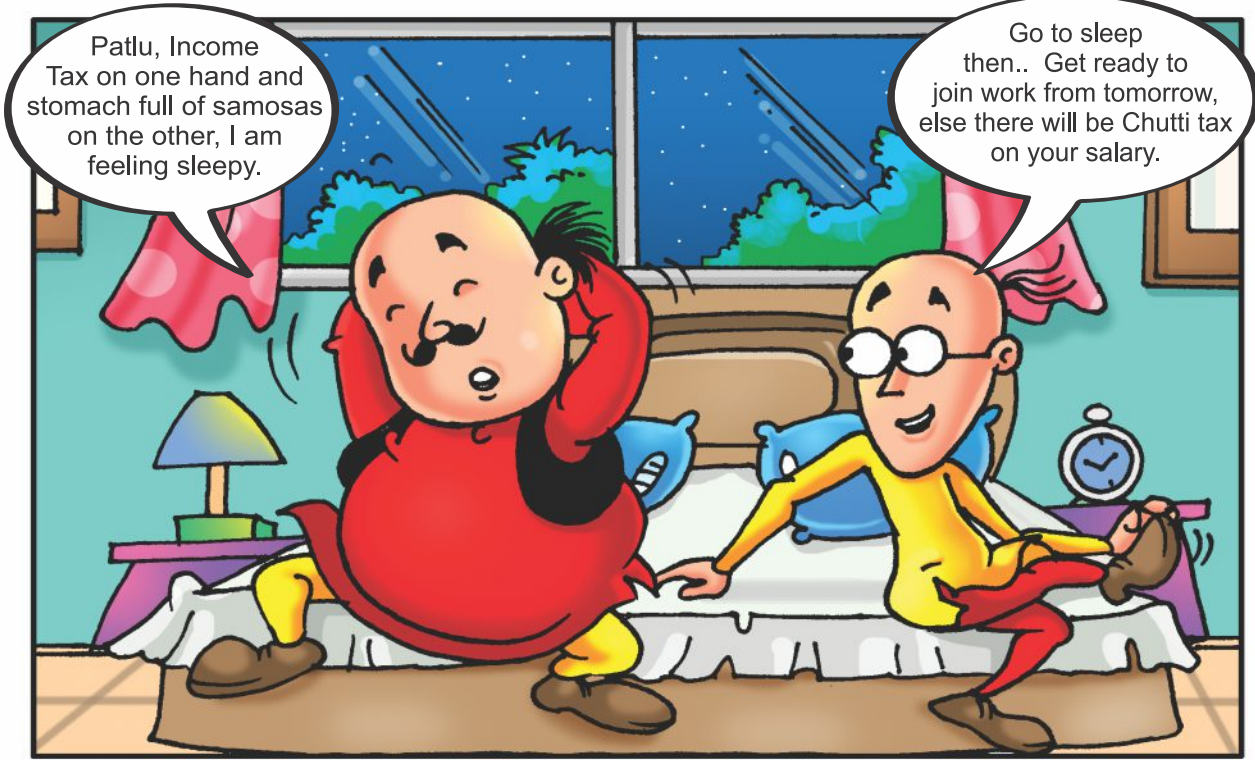

100 rupees?? How come??

I don't evade my Income Tax and I do not compromise with the quality of my samosas.

Tax, Tax, Tax.. Ufff.. Why do we've to pay taxes on everything? Bu Hu Hu...

Oh dear, our pocket is empty now.. Let's go home.. Bu Hu Hu...

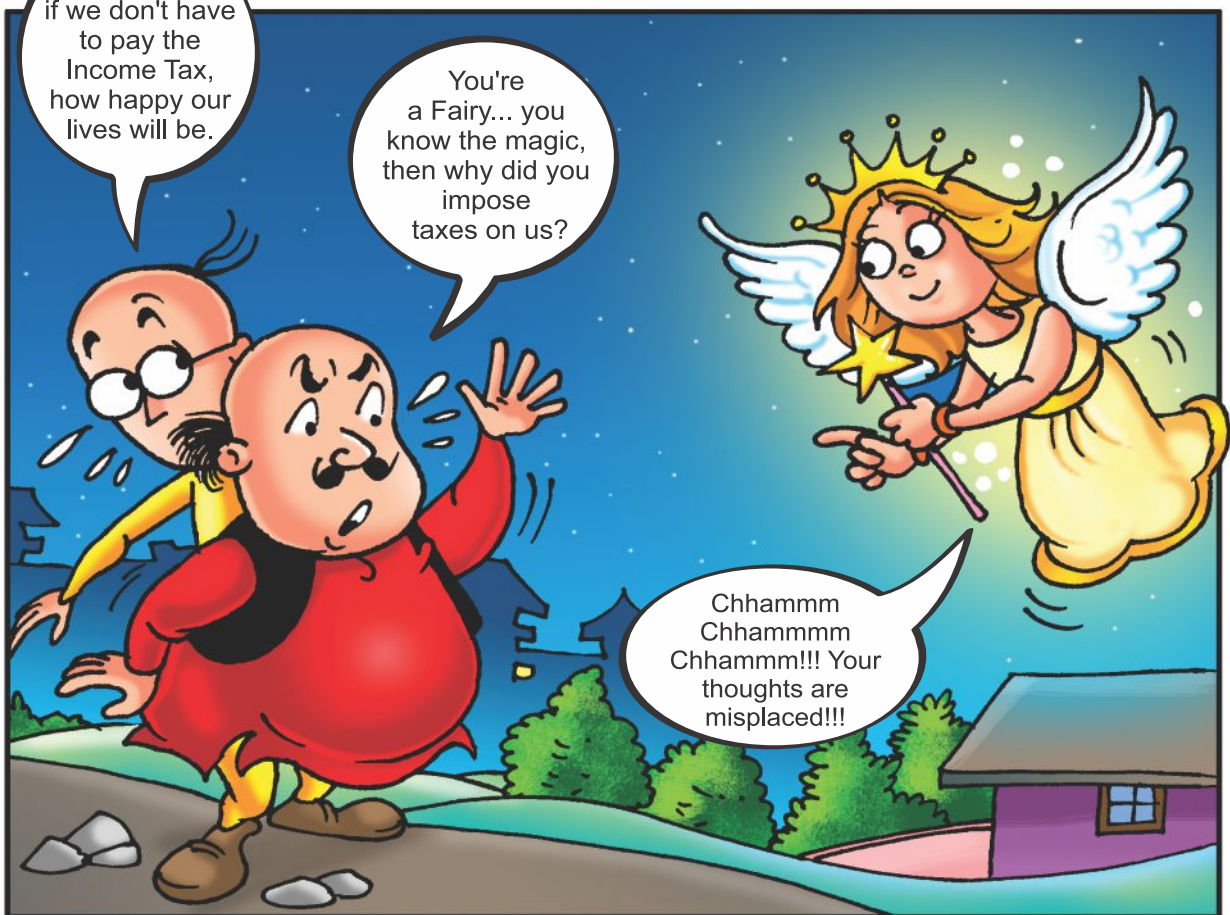

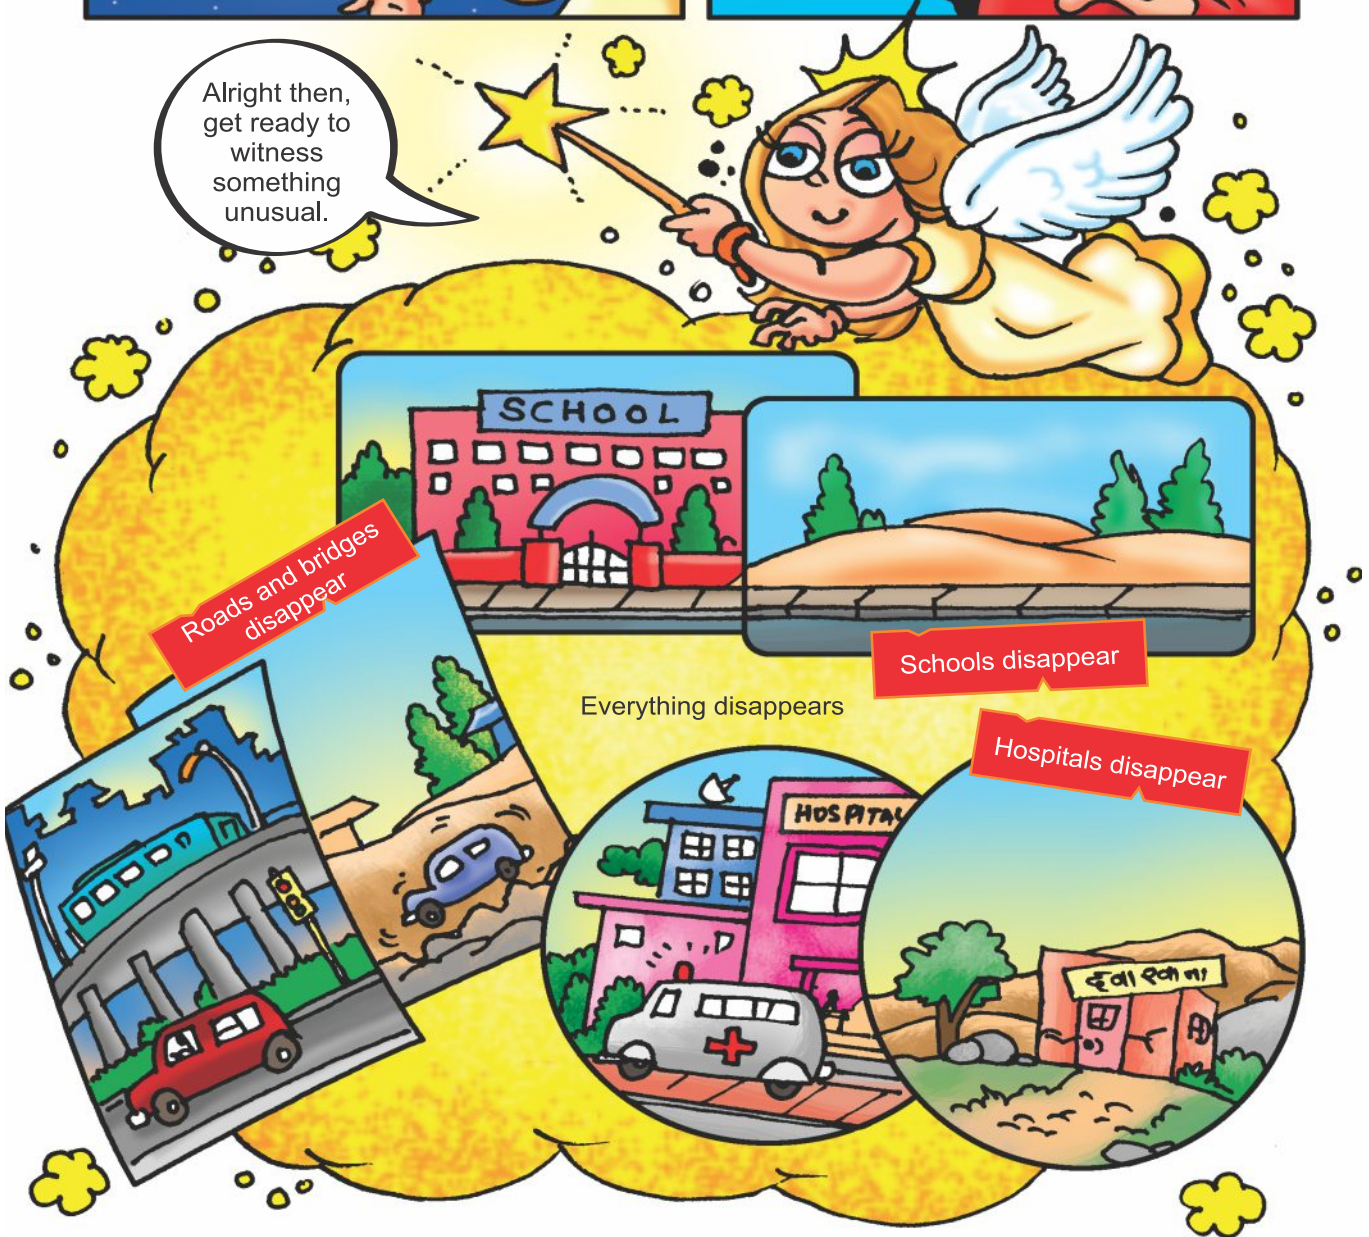

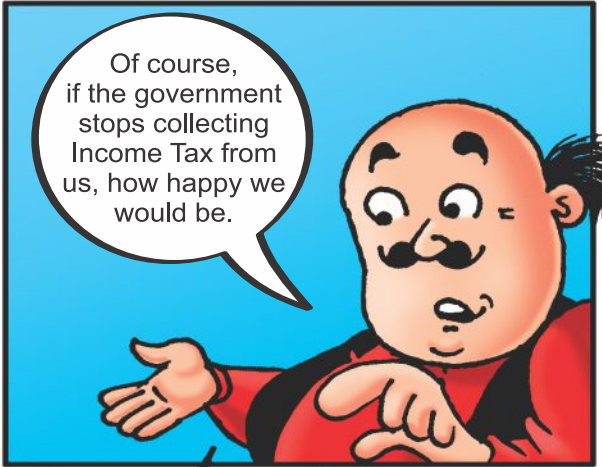

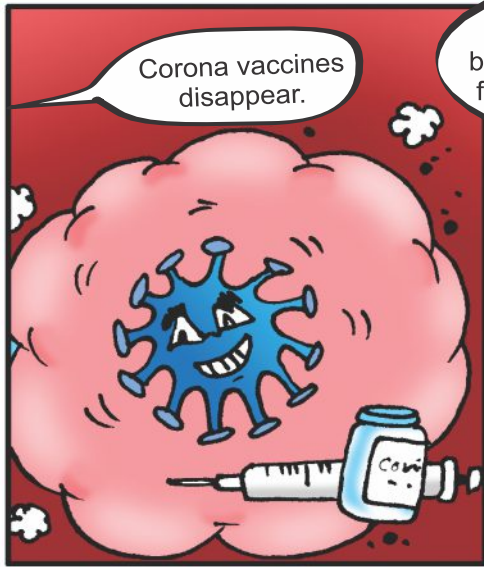

Just think, if we don't have to pay the Income Tax, how happy our lives will be.

You're a Fairy... you know the magic, then why did you impose taxes on us?

Chhammm Chhammm Chhammm!!! Your thoughts are misplaced!!!

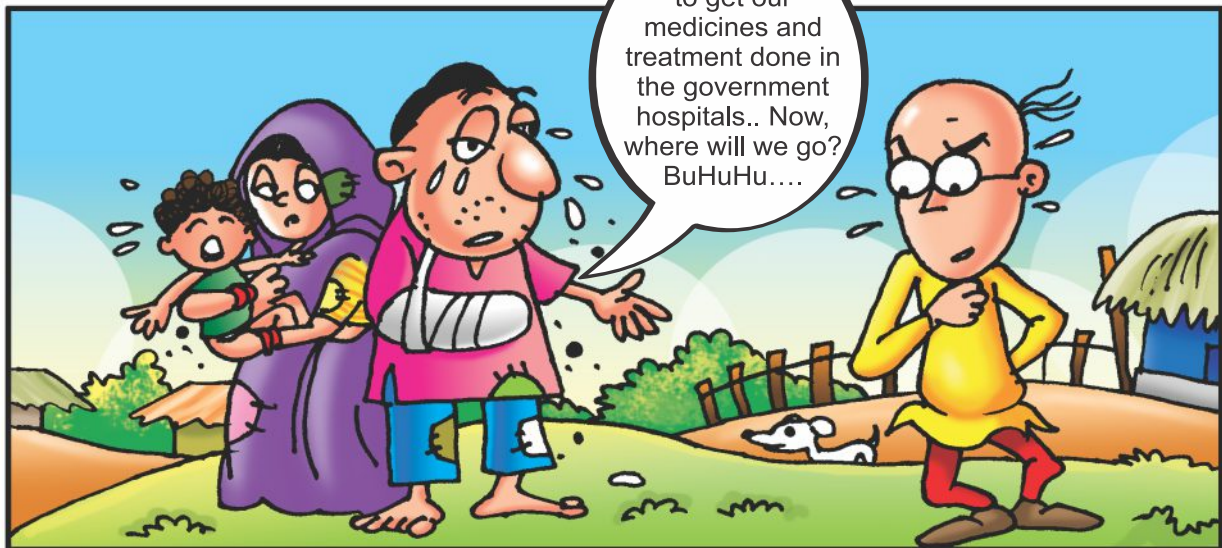

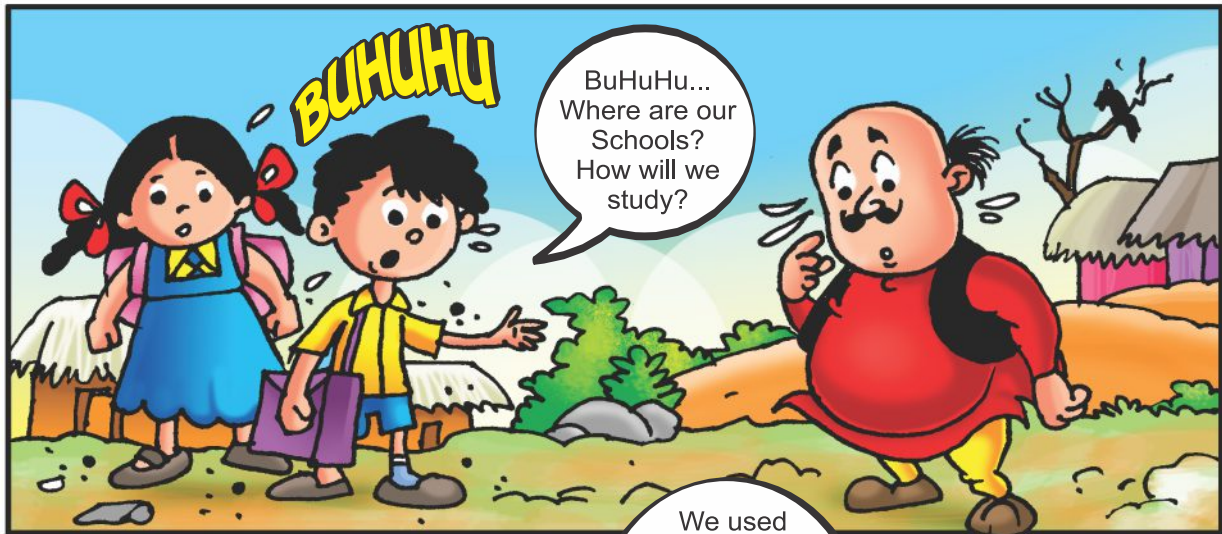

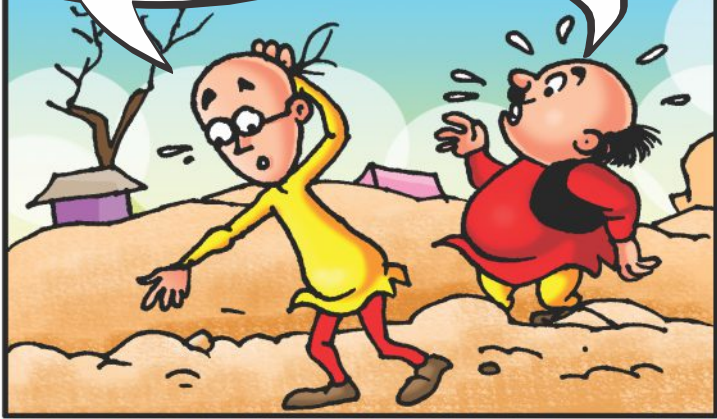

Gosh! this place has become bare and barren . Wondering where those fantastically paved roads have vanished to?

And what happened to the ration shops and those beautiful flyovers?

Tax Pari, something seriously wrong has happened.. People will now get troubled with Corona, Plague, Polio and what not.

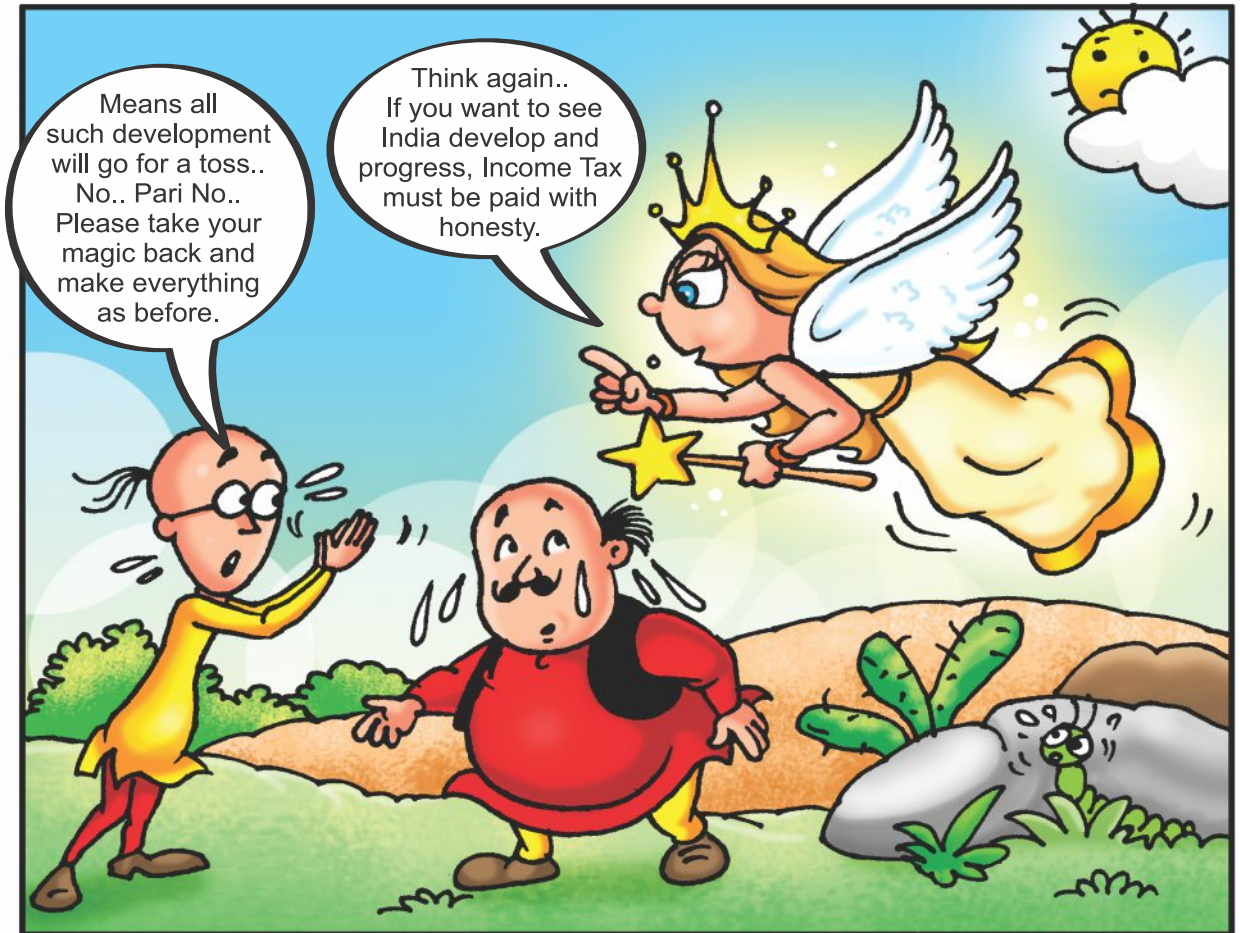

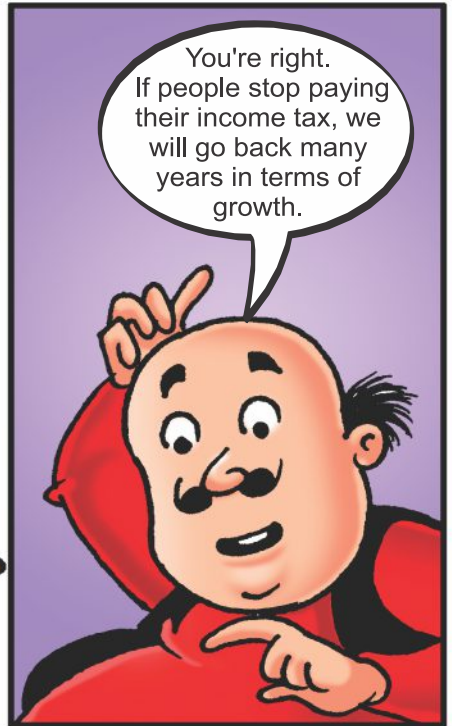

If all such public welfare schemes are stopped, common man will find it really tough to survive.

Not only this Motu Patlu, country's defence system and space research will also collapse . Will you be able to survive without the internet?

No way.. I can't even imagine my life without Facebook and Whatsapp.

If our defence system collapses or is weakened, our enemies will attack our country.

For sure, we will pay our Income Tax.. Not only this, we will also ask our fans to follow what the Tax Pari has said.

All we want you to do is to take your magic back and make everything like before. Please...

Hmmm

Chhamm Chhammm Chhammm.. There is wonder in my magic.

Oh wow! My school.

Now we'll get free medicines.

BuHuHu.. Now how will I survive in this country?

**Chhamm Chhamm
Chhamm, there goes
the Tax Pari**

Oh my God!
What a terrible dream I had.
But my dream made one thing
very clear that if we all stay
honest and pay our taxes on
time, our country will develop
and progress at a greater
pace.

So from now on...
we will be honest in
paying our Income Tax, and
of course, we will keep
enjoying those yummy
samosas.
